PANAMA

Panama, country of Central America located on the Isthmus of Panama, the narrow bridge of land that connects North and South America. Embracing the isthmus and more than 1,600 islands off its Atlantic and Pacific coasts, the tropical nation is renowned as the site of the Panama Canal, which cuts through its midsection. It is equally well known for its natural beauty, for its diverse plant and animal life, including hundreds of bird and tree species, and for its vibrant music and culture.

KOSHER FOOD

The Jewish presence in Panama can be traced back more than 200 years ago when Jews started arriving from Spain and Portugal. The current Jewish population in Panama is over 20,000 Jews and it is centered in Panama City. The Jewish community in Panama is divided into three big groups. Shevet Ahim, the orthodox Sephardi community has four synagogues in the city and three in the beach towns. Beth-El, the Orthodox Ashkenazi synagogue and Kol Shearit the Reform synagogue. Panama has the larger Jewish community in Central America to date and it continues to grow. Panama is home to more than 15 kosher restaurants. There are also 2 exclusively kosher supermarkets and several catering services.
